Value-add of Cortellis Drug Discovery Intelligence

A fast, intuitive, cloud-based platform that allows you to interrogate drug-based scientific data all in one space, Cortellis Drug Discovery Intelligence combines the trusted, manually curated content of Integrity with enhanced performance, functionality and content granularity to improve the efficiency and accuracy of your analysis.

Starting your upgrade

The upgrade process will include a period of dual access to both Integrity and Cortellis Drug Discovery Intelligence for your users for up to 12 months starting in January 2020. Our goal will be to ensure that your users are regularly using Cortellis Drug Discovery Intelligence in advance of your next annual subscription period.

Your Account Manager will be in touch to discuss dates and timelines for your upgrade. We'll work closely with you to provide training and support to meet your organization's needs and ensure a seamless upgrade experience.

Accessing Cortellis Drug Discovery Intelligence

All users will be provided with log-in instructions for Cortellis Drug Discovery Intelligence once the dual-access period begins. There will be a link to Cortellis Drug Discovery Intelligence inside Integrity to facilitate access to the new product and foster awareness.

Communication and training plan

Your Account Manager will work with you to establish an internal communication plan for the upgrade. We can provide customized emails to support the communication of key milestones and training dates and to encourage adoption by your end users.

Your Account Manager will also work with you to establish a training plan for your organization. E-learning materials will be available inside Cortellis Drug Discovery Intelligence along with links to public training sessions. In-product guided tours and context-sensitive help will also be available inside Cortellis Drug Discovery Intelligence to help your users get started.

“I’m the guy that my colleagues pester to do their searches in Integrity. You guys have made a product that looks like somebody can just pick it up and want to use it. That is going to make my job a lot easier”

Alerts

Your users’ “Keep Me Posted” and “Controlled Vocabulary” alerts will be moved from Integrity to Cortellis Drug Discovery Intelligence during the dual-access period. Given the new search engine deployed in Cortellis Drug Discovery Intelligence, it will not be possible to automatically move “Saved Query” alerts to the new product. However, our expert Customer Service team will be available to provide personalized and individual attention to users to help them re-create those alerts in Cortellis Drug Discovery Intelligence.

Keeping up-to-date on the latest Cortellis Drug Discovery Intelligence developments

We have a clear roadmap to add new content, functionality, analytics and visualizations to Cortellis Drug Discovery Intelligence going forward. Your users will also be kept up-to-date on the latest tips and tricks, training information and events via notifications within Cortellis Drug Discovery Intelligence.

Questions

Additional information about Cortellis Drug Discovery Intelligence and your upgrade will be provided in the coming months. In the meantime, please contact your Account Manager or the **CDDI upgrade team** with any questions.
